FRONT

BACK

Trim : 3.54x1.96 inch

Bleed : 3.70x2.13 inch (0.08 inch on each side of trim line)

Safe Area : 3.39x1.81 inch (internal bleed)

Trim

This line is where we aim to cut (actual cutting line).

Bleed

0.08 inch bleed is required for the printing process.

Please make sure background needs to extend into the bleed area, the bleed ensures unprinted white edges after trimming.

Safe Area

Please make sure all important information and graphics are contained in this box otherwise you risk losing it.
