Trim : 2.36x2.36 inch     0.08x0.08" hole  
 Bleed : 2.38x2.38 inch (0.1inch on each side of trim line)  
 Safe Area : 2.34x2.34 inch ( internal bleed )

Trim : 2.17x 5.51 inch     0.19x0.19" hole  
 Bleed : 2.19x5.53 inch (0.1inch on each side of trim line)  
 Safe Area : 2.15x5.49 inch ( internal bleed )

**Trim** This line is where we aim to cut (actual cutting line).

**Bleed** 0.1 inch bleed is required for the printing process.  
 Please make sure background needs to extend into the bleed area, the bleed ensures unprinted white edges after trimming.

**Safe Area** Please make sure all important information and graphics are contained in this box otherwise you risk losing it.
